TEXT : HOUSE OF MUSIC

The House of Music is a place full of music. It's a big traditional building with lots of rooms, concert halls, a recording studio and also a self-service restaurant. This house was the mayor's idea for the teenagers of the area.

We are all members of the House of Music. We go there and listen to different types of music on CDs and old records. We play instruments and practise and the music teachers help us a lot. We form groups, write the lyrics, and compose music there. We also rehearse and record our songs.
