Part A

Read the letter below and answer the questions that follow.

Hello Rick,

How are things with you? It's fantastic here in Lyon. The college is great and the course is really interesting. I have a part-time job at a hotel. I'm a waiter and I work in the evenings. In the mornings I go to college and in the afternoons I spend time with Elena. Elena is a receptionist at the hotel. She's Spanish and she's really nice. She has beautiful blue eyes and long dark hair. We like driving around the city or going to the cinema together. She really likes Chinese films (I think they're very boring!). There's a Chinese film festival in Paris from 10 to 15 March and she wants to go. I want to visit Paris but I don't know about the festival! Anyway, that's all for now.

Take care!
